

## **Storm Brewing December 2025**

Another short newsletter this time as we still have no President to write an epistle !!!!

Maybe next time we will have that all sorted, I'm sure!!!

Only a few weeks left before the beginning of a brand-new year.

For some of us there could be a big sigh of relief and for others a big smile of awe....

It may have been a year to forget or to remember..

I'm sure there were plenty of ups and downs...Plenty of joy, some pain and plenty of learning...

I've had a most interesting year with all of the above and am always amazed at what I learn at my age....!!!! It's really wonderful!!!!

And now it's time to think about the New Year and how we want to be in this future..

My big wish is to be healthy, fit and strong and of course to keep learning!!!

**We are still looking for someone to step up and take over the reins for three years....I'm very happy to talk to interested parties about the opportunity and the possibilities....**

**Or if you would like to be part of our terrific committee....
